

ORGANIZATIONAL PROFILE

ABOUT US

ALL ARE ABLE is a purpose-driven organization committed to empowering intellectually disabled children and youths by helping them discover their abilities and talents. We also support them to build confidence, become independent and live meaningful lives, through vocational training, creative arts, talent development, life-skills programs, and offering them inclusive opportunities.

We believe that every child and youth has unique talents, creativity, and potential that deserve to be nurtured, and celebrated.

Our work focuses on equipping them with skills that they need to thrive in today's society.

ALL ARE ABLE, is also committed to creating awareness and breaking the stigma surrounding intellectual disabilities, while building a more inclusive society where every person is valued, respected, supported, and given equal opportunities to succeed.

Vision & Mission

Vision

Creating a world where every child and youth, regardless of their ability, is seen, valued, empowered and given equal opportunities to thrive.

Mission

To empower children and youths with intellectual disability through skills, talent development, creative arts and inclusive opportunities that unlock their full potential.

THE PROBLEM

In Uganda, many children and youths with intellectual disabilities continue to face discrimination, stigma, and limited opportunities to showcase their abilities. They are misunderstood, underestimated, and sometimes denied access to quality education, skills development, employment opportunities, and a supportive social environment. As a result, many of them end up feeling isolated, unworthy, and dependent on others for survival.

Many families and caregivers also worry about the futures of their children and what will become of them when they are adults. They often struggle to find inclusive spaces and specialized programs that can nurture the talents, creativity, and independence of their children.

Communities usually focus more on disability than ability, hence neglecting the talents and skills that could make these children and youth independent.

The limited awareness about intellectual disabilities in Uganda continues to fuel negative stereotypes and social barriers, making it hard for society to see the potential these children have.

OUR INITIATIVES

Skills Development & Vocational Training

We provide tailored vocational and skills training programs that promote independence, entrepreneurship, and sustainable livelihoods such as:

- Tailoring and fashion design
- Hairdressing and beauty therapy
- Baking and catering
- Handcrafts and creative production
- Digital and computer literacy
- Gardening and Farming
- Entrepreneurship
- social Skills
- simplified and inclusive STEM education programs

Creative Arts & Talent Development

We use creativity and talent development as a tool to build confidence, expression and empowerment through:

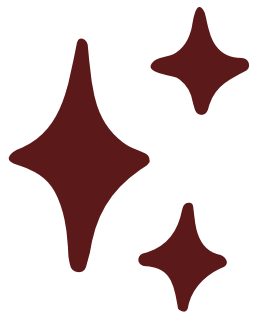

- Art and painting
- Music, dance and drama
- Photography and storytelling
- Media and content creation
- Talent identification and nurturing initiatives
- Creative workshops, shows and exhibitions
- Sports and recreational development

Inclusion & Advocacy

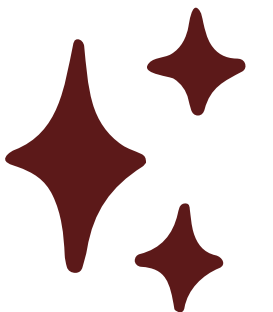

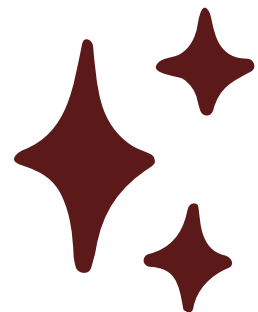

We actively work with communities and other organizations to break stigma and change perceptions surrounding disability through:

- Partnering with businesses and schools to promote inclusive employment and training
- Internship and apprenticeship opportunities
- Community outreaches and sensitization programs
- Information sharing on disability rights and opportunities
- Awareness campaigns, events and workshops.
- Inclusive camps, trips, and community events

OUR GOAL

Our goal is to establish multiple training centers and sustainable inclusive programs across Uganda that equip intellectually disabled children and youths with vocational, creative, social and life skills that will help them become independent, while creating awareness and advocating for their rights. We envision a future where every child, regardless of ability, has the chance to succeed.
